Exercise 6
(MODULE 6A)

1. Check your local newspaper or online property portal for 'good deals', i.e. ads that mention phrases like 'fire sale', 'motivated seller', 'priced to sell' or such.

2. Find out where and when there are property auctions going on in your local property market (or otherwise the one in your chosen area). If you can, attend one of them to see how they are conducted and what prices properties are being sold for compared to their market value (also observe your emotions).

NOTES:
