

The Property Apprentice System Quick Start Guide

Congratulations on your purchase of *The Property Apprentice System* and welcome to the course. You have an exciting journey ahead of you and if you follow through and take action based on what you have learnt, you'll have the opportunity to generate passive income and over time potentially become financially free. This requires diligence, patience, correctly applied knowledge, and time, of course.

This course is based upon my experience over the decades as a property investor and modelled after my classroom training. It has been carefully crafted, so please ensure you exactly follow the steps (though I know you might be tempted to look at future modules out of sequence, skip exercises or such).

Please watch each module in its entirety. If you don't understand something, just rewind and watch again. Sometimes I am asking you to hit the pause button and actively think about a particular topic. When thinking about something yourself rather than just listening, you learn more, so please do that. Also to increase your retention (i.e. the amount of information that you can remember) it is beneficial to watch each video not only once, but multiple times.

Each module comes with a set of slides where you can find the information in a written format to learn visually and most of them have exercises designed to help you learn in a practical way. It is important that you perform all the exercises after having watched the respective module. Some of the modules have additional attachments like templates that can help you as a property investor to make your life easier, so have a look at those as well. All the information which module comes with which attachments is detailed in the file *TPA System Details.xlsx*.

Equipped with all this knowledge, skills and expertise that I will have taught you by the end of this course, you have everything you need to be a successful property investor – but only if you implement. So do take action! If you have any questions or are want to enquire about my 1:1 mentorship program, please email me at learn@propertyinvestucator.com.

Wishing you all the best of success,

Jochen Siepmann
